Thank you for your letter regarding the compromise proposal pertaining to the representation of national parliaments and the European Parliament in the Interparliamentary Conference on the Common Foreign and Security Policy, including the Common Security and Defence Policy.

Baring in mind the Conclusions of the Conference of Speakers of the Parliaments of EU last April, and the already stated position of the Cyprus House of Representatives, we wish to reiterate once again the importance of equal representation in the Interparliamentary Conference on the Common Foreign and Security Policy, of the national parliaments' delegations and the European Parliament delegation.

Hoping that the issue will be resolved during their forthcoming Conference, please accept, dear Colleagues, the assurances of my highest esteem and my best wishes for the coming festive season.

Yours sincerely,

*Yiannakis L. Omirou
President of the House of Representatives
Of the Republic of Cyprus.*
