5 martie 2008

CPZ-9 Nr. 78

**Mr. Anton KOKALJ**  
**Chairman of the EU Affairs Committee**  
**National Assembly of the Republic of Slovenia**

**Dear Mr. Chairman,**

It should be mentioned with satisfaction the intensifying development of cooperation between the Republic of Moldova and the European Union. The current stage of this partnership reflects the EU's interest towards Moldova that encourages us to continue further implementation of the democratic reforms and internal institutional modernization.

The Parliament of the Republic of Moldova participated for the first time in the XXXVII COSAC meeting on 14-15 of May 2007 in Berlin. That participation represented a good opportunity for us to inform the participants about our view on European Neighbourhood Policy and to establish new relations of cooperation with the EU member states.

The agenda of the next XXXIX COSAC meeting includes a subject related to the future of Europe. In this context, it would be of greatest interest for us to continue the participation of the Parliament of the Republic of Moldova in the COSAC activities. In this regard, we will be honoured and highly appreciate, if you accept our participation in the XXXIX COSAC on 7-8 May 2008.

Using this opportunity, I would like to express the assurance of my highest consideration.

**Grigore PETRESCO**  
**Chairman**
