

Executive Summary

Opinion of the Romanian Chamber of Deputies on the Communication from the Commission to the European Parliament, the European Council, the Council, the European Economic and Social Committee, the Committee of the Regions and the European Investment Bank

A clean planet for all

**A European strategic long-term vision for a prosperous, modern,
competitive and climate neutral economy**

COM(2018)773

The Chamber of Deputies

1. Supports a European strategic long-term vision for a prosperous, modern, competitive and climate neutral economy.
2. Encourages the new renewable, wind and photovoltaic energy production technologies, the capitalization of the low-intensity energy resources, as well as the emerging technologies.
3. Recommends the stimulation and the support of ensuring energy from the own resources of households, industrial and agricultural facilities, electricity micro-grids, and the intelligent energy management to ensure a balanced distribution in all Member States.
