

It is proposed that the following sentences be added to the existing Article 4.1(a) of the Rules of Procedure at the end of that subparagraph:

***“Members of the JPSG may present proposals on the draft agenda regarding the inclusion or deletion of agenda items until four weeks before the meeting. Motions concerning the items listed for discussion or the agenda (procedural motions) may be tabled at any time during meetings, and a decision shall be taken on them.”***

**Explanation**

This addition is intended to enable delegations to influence the agenda. Procedural motions, moreover, are intended to permit flexible treatment of the various agenda items in accordance with the course of proceedings.
