Zagreb, 27 March 2020

Dear colleague,

I am writing to you to inform you that the Croatian Parliament will be cancelling LXIII COSAC which we have set for May 24 to May 26 this year in Zagreb.

In addition to fight against the spread of the COVID-19 pandemic, Zagreb was hit by a devastating earthquake on Sunday, March 22nd, in which the Croatian Parliament building has been seriously damaged and out of use, as well as many other buildings in the historic city centre.

I hope it is understandable that due to these difficult circumstances, we had no choice but to cancel LXIII COSAC.

In this challenging time, may we all find the strength and determination to combat together the pandemic, COVID-19 at both European and global level, in order to stop its further spread as soon as possible, with as few human lives lost as possible.

Yours sincerely,

Gordan Jandroković
