### **Specification of the Union's position to be taken in the World Customs Organisation**

Before each meeting of the HSC, when that body is called upon to adopt decisions that have legal effects on the Union, the necessary steps shall be taken so that the position to be expressed on the Union's behalf takes account of the latest technical and other relevant information transmitted to the Commission, in accordance with the principles, criteria and orientations set out in Annex I.

To this effect, and based on that information, the Commission shall transmit to the Council, or to its preparatory bodies, in sufficient time before each meeting of the HSC referred to in the paragraph above, a written document setting out the particulars of the proposed specification of the Union's position. Within 5 working days of the date where the Commission has informed the Council, or its preparatory bodies, the Council may express its disagreement with the position proposed for one or more of the individual HS decisions concerned.

To preserve the Union's rights and avoid that a decision on a matter, on which the Council is unable to reach a position before the expiry of the deadline foreseen under Article 8(2) of the HS Convention, is adopted in the WCO, the Commission shall request on behalf of the Union that the matter is referred to the WCO Council and referred to the HSC for re-examination pursuant to Article 8(3) of the HS Convention.

In cases where the Union's position substantially differs from the decision adopted by the HSC, the Commission shall, in sufficient time before the expiry of the deadline foreseen under Article 8(2) of the HS Convention, transmit to the Council, or to its preparatory bodies, a written document setting out whether the decision(s) at issue can be accepted or if the matter needs to be referred to the WCO Council and referred to the HSC for re-examination pursuant to Article 8(3) of the HS Convention. Within 10 working days of the date where the Commission has informed the Council, or its preparatory bodies, the Council may express its disagreement with the position proposed for one or more of the individual HSC decisions to be adopted in the WCO.
