

Virtual COSAC on 30 November and 1 December 2020

Technical information for the video conference

Registration

The German Bundestag and the Bundesrat have set up an online registration system for the Parliamentary Dimension of Germany's Presidency of the Council of the EU. Please register by **16 November 2020** via the following link using the password that was sent via e-mail:

https://www.lyyti.in/Virtual_COSAC_2020/en

Each Member State Parliament may participate with up to six Members of its Committee(s) for Union Affairs. The European Parliament may be represented by six Members. The Parliaments of the candidate countries may register up to three members as observers.

Video conference information

We will be providing a web-based platform for the video conference. You can join the conference without having to install a software in advance.

The quality of the video conference depends to a large extent on the devices used and a stable internet connection (preferably with Ethernet cable). We therefore recommend that you log in to the conference from a room which has suitable conference equipment, for example in your parliament. If that is not possible, please use a headset. You will receive a headset for the video conference as a gift from the German Bundestag and the Bundesrat in the **welcome package** (see page 2). We do not recommend joining the conference using a smartphone. **Should the internet connection be of insufficient quality for a stable audio transmission, your contribution will not be interpreted.**

You will be sent detailed information and the log-in details for the video conference in good time before the event. We will invite you to take part in a **test run on 26 and 27 November 2020** in order to resolve any technical problems prior to the event.

Languages

The German Bundestag and the Bundesrat will provide simultaneous interpretation in English, French and German.
