ANNEX XXVII-A

LIST OF RESERVATIONS ON ESTABLISHMENT (UNION)

1. The list below indicates the economic activities where reservations to national treatment or most favoured treatment by the Union pursuant to Article 205(2) of this Agreement apply to establishments and investors of the Republic of Moldova.

The list is composed of the following elements:

- (a) a list of horizontal reservations applying to all sectors or sub-sectors;
- (b) a list of sector or sub-sector specific reservations indicating the sector or sub-sector concerned along with the reservation(s) applying.

A reservation corresponding to an activity which is not liberalised (Unbound) is expressed as follows: "No national treatment and most favoured nation treatment obligations".

When a reservation under (a) or (b) only includes Member State-specific reservations, Member States not mentioned therein undertake the obligations of 205(2) of this Agreement in the sector concerned without reservations (the absence of Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral Union-broad reservations that may apply).

2. In accordance with Article 202(3) of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.
3. The rights and obligations arising from the list below shall have no self-executing effect and thus confer no rights directly on natural or legal persons.
4. In accordance with Article 205 of this Agreement, non-discriminatory requirements, such as those concerning the legal form or the obligation to obtain licences or permits applicable to all providers operating on the territory without distinction based on nationality, residency or equivalent criteria, are not listed in this Annex as they are not prejudiced by the Agreement.
5. Where the Union maintains a reservation that requires that a service supplier be a national, permanent resident or resident of its territory as a condition to the supply of a service in its territory, a reservation listed in Annex XXVII-C to this Agreement shall operate as a reservation with respect to establishment under this Annex, to the extent applicable.

Horizontal reservations

Public utilities

EU: Economic activities considered as public utilities at a national or local level may be subject to public monopolies or to exclusive rights granted to private operators¹.

¹ Public utilities exist in sectors such as related scientific and technical consulting services, R&D services on social sciences and humanities, technical testing and analysis services, environmental services, health services, transport services and services auxiliary to all modes of transport. Exclusive rights on such services are often granted to private operators, for instance operators with concessions from public authorities, subject to specific service obligations. Given that public utilities often also exist at the sub-central level, detailed and exhaustive sector-specific scheduling is not practical. This reservation does not apply to telecommunications and to computer and related services.
